## Our school initiatives are on track to meet or exceed our targets

During 2018, we focused on maximising the benefits of this funding for our students. After reviewing our 2018 *Investing for Success* agreement, it is clear that we are on track to meet or exceed our targeted student outcomes. We continue to implement our initiatives to ensure that every student succeeds.

Initiatives implemented include:

- Using evidence-informed inquiries, PLTs and a case management approach to improve professional practices that progress student achievement in reading
- Providing targeted professional development and coaching to build staff capability in reading so that every student is succeeding.
